

## **Minutes from Moorings Neighbourhood Forum**

18<sup>th</sup> March 2019

Waterways Children's Centre, 17.30 to 19.30

### **Minutes and Notes from the AGM (28<sup>th</sup> January 2019)**

Deborah Frimpong, Chair (DF) talked through the minutes from the AGM these were agreed. The minutes will be available on the Moorings Neighbourhood Forum (MNF) website <https://mooringsneighbourhoodforum.home.blog/>

### **Getting the Moorings Neighbourhood Forum designated by RB Greenwich (RBG)**

Giles Piercy talked through the draft application for the designation of the MNF by RB Greenwich.

The constitution for the MNF was ratified at the meeting by a show of hands.

With respect to the application for designation. No specific issues were raised about the application. There was a discussion about whether the boundary of the MNF should include all of Birchmere Lake or if it should go through the middle of the lake (as currently proposed). By a show of hands the majority agreed that the boundary should go through the middle of the lake.

Giles Piercy (GP) stated that we have now c. 50 signed up members of the MNF. In order to carry out their own consultation and evaluation, RB Greenwich need to have the addresses for all MNF Members. GP stated that he will be writing to all members requesting their permission to share their contact details with the council. This will be done prior to submission of the application to RBG.

The MNF's aim is to submit the application in the next two weeks.

The following is a suggested paragraph setting out the purpose for the Forum and we would welcome comments on this:

*The purpose of establishing the Forum is to give local people in the Moorings much greater say over what happens in our neighbourhood. Once designated the Forum will work closely with residents and stakeholders to develop the Neighbourhood Plan. This plan will set out what we want for our neighbourhood and how we plan to achieve it. Whilst more engagement needs to happen our consultation so far has already indicated key areas that local people want to see improved and have much more influence over. These include:*

- *The redevelopment of the old Moorings Social Club*
- *Reducing crime and anti-social behaviour*
- *Creating a stronger, better connected, community*
- *Improving the public spaces and people's pride in them*

## **Update about Peabody's assets in the Moorings**

Gez Kellaghan (GK), Peabody shared the results of some analysis that Peabody have done of the assets that they own, within the boundary covered by the proposed Forum. This is a comprehensive list and will be made available on the MNF website.

During the discussion a few points came out:

1. The Car Park for Birchmere lake should be added to the list - and also the potential for the Car Park to be opened at different times, to reduce local traffic jams, particularly at start and end of school day, should be considered
2. The MNF is very keen to have a greater saying in improving the lighting in the local areas
3. There is a need for the Forum to contact the Angling Club related to Birchmere lake
4. We need to add to the list:
  - a. Waterways Children's Centre
  - b. Titmuss Avenue Garden
5. There was a suggestion to improve the ground surface (make softer) around Jubilee (No. 17) and Passfield (No. 18) Play areas
6. Greater communication needs to be done locally about the plans for the Byron Close toddler Play area

GK shared a table showing example availability of different community halls in the Moorings and elsewhere in Thamesmead. She also will share (which will be put on the website) further details about the different community Halls for hire and the costs for doing so. The key point being that there is availability for space in the different halls at very reasonable rates.

## **Thamesmead Community Archive project**

Sharon Casey (Peabody) talked about the Thamesmead Community Archive project. This is being funded by the National Lottery Heritage Fund and Peabody to commemorate the 50th anniversary of the first residents moving into Thamesmead, and explore the hidden histories of local residents, past and present. They are looking for physical documents, such as photos, newspapers and diaries, which they can scan a digital copy of and return. They are also building a collection of oral histories, where the project's volunteers will interview people about their experiences of Thamesmead. Anyone wishing to contribute to the Community Archive, please get in touch.

### **AOB**

(awaiting from Averil)

Dave Rugg asked about why the Forum had purchased a mobile phone and laptop. Deborah Frimpong (DF) said that the mobile was for people to contact the Forum once Giles Piercy is no longer supporting the Forum as currently his mobile is the main contact number. The laptop is to allow DF to communicate more easily with other Forum and Committee members - it will remain the property of the Forum.
